

70% IPA Wipes

General purpose disposable 70% Isopropyl Alcohol (IPA) wipes are ideal for a variety of cleaning applications, including electronics, tools, workspaces, and other surfaces that require quick removal of contaminants. The 18 cm x 14 cm (7" x 5.5") perforated wipes are constructed of durable, lint-free, tear-resistant polyester. Suitable for use in Class 6-7 Cleanrooms.

Wipes are presaturated in a solution of 70% Isopropyl Alcohol (CAS: 63-67-0) and 30% Deionized Water. The screw-top storage canister includes a convenient flip lid with pull-through dispenser. Each canister contains 100 wipes. Canister is foil-sealed to keep wipes fresh before first use.
